After Syria, for instance, the U.S. and its allies have constructed airbases and bases and amped up the numbers of special forces in the country to the point where the Islamic State's comeback has stalled. But there has been no sign of

the United States conducting a more effective diplomatic operation. At the Munich Security Conference in February, Secretary of State Mike Pompeo gave an impassioned speech about the need to defeat the Islamic State. “Its organizations and its networks are deep into every country, and its reach has not been contained,” he declared. The speech was widely praised in diplomatic circles and among political commentators. It contrasted sharply with Pompeo’s previous statements on the Islamic State, which many viewed as dangerously naïve. Critics of the speech said it amounted to an admission that the Islamic State’s brand of “Salafism” — which views modern civilization as a corruption of the original, Islamic form of government — was more than just a destructive cult of terrorists. They said his new rhetoric even seemed to accept a basic premise of Islamic State ideology, that modern states aren’t as great as the caliphate would have been, and that many Muslims don’t recognize the legitimacy of those governments. Heavily influenced by his political aides, Pompeo later suggested that the Islamic State was actually a “stateless,” terrorist network whose influence
